USE VIDEO TO MITIGATE RISK & PROTECT YOUR ASSETS

Retail store owners and operators need visibility into their stores to monitor activities and mitigate business risk, but no one has time to watch hours of surveillance footage or sift through stacks of transaction reports. Save time and increase effectiveness with Envysion.

YOUR VIDEO **ON DEMAND**

Gain complete visibility into each of your store locations with our easy to use video management software.

Access your video anytime, anywhere

Whether you're logging on in your store or on the go via your mobile device, access to your video is always a click or tap away.

Watch, save & share video

Turn your video evidence into action by clipping, saving, and sharing.

Drill down with powerful search

Hone in on the exact interaction you need with video motion search, or filter recorded video by location, day and time.

TRUSTED BY NAMES YOU KNOW

Shell · Orangetheory FITNESS · KFC · FALLAS DISCOUNT STORES · Foot Locker · BURGER KING · For Eyes by GrandVision · iFLY INDOOR SKYDIVING · CINEMARK
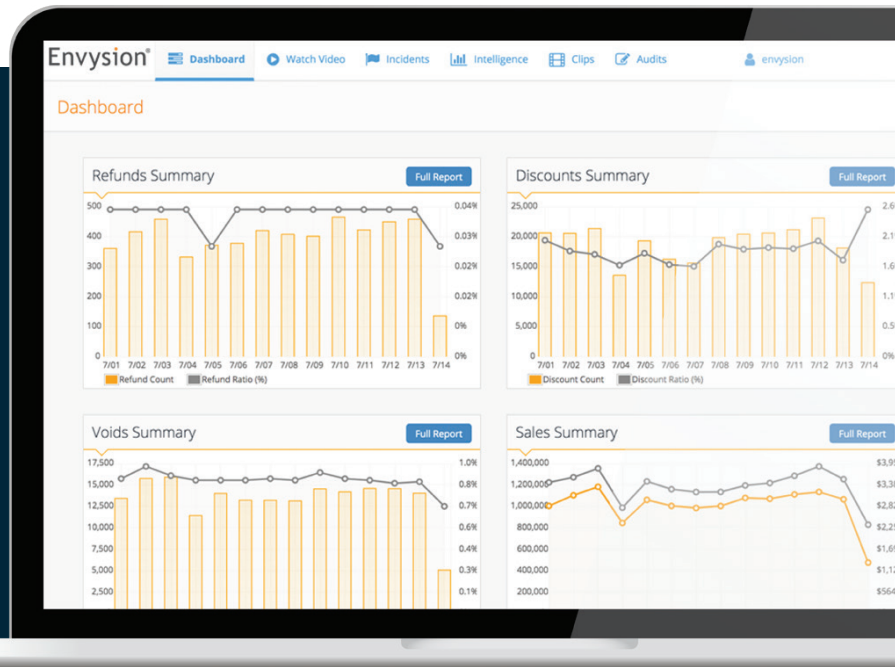

VERIFY INCIDENTS FASTER
WITH INTEGRATED VIDEO AND DATA

Streamline investigations and take action with all the data you need at your fingertips.

Monitor Trends
with Dashboard Widgets

Quickly gauge the health of your business with homepage dashboard widgets. Summaries of discounts, refunds, sales, and voids across your stores are displayed via interactive graphs that you can click on to drill down easily.

Save Time

Forget sifting through stacks of exception reports and focus on those few events that truly impact your bottom line.

Take Decisive Action

In mere minutes, you can identify, validate, and resolve loss and operational issues via one integrated platform.

Arrive at Firm Conclusions

Don't rely on either video or transaction data alone to uncover loss— use both to make your investigation airtight.
