

Demonstrated 10-15% Profitability Improvements

Put the power of video into the hands of your entire organization and remotely monitor every location through our intuitive web-based application. Gain an unfiltered view into operations, loss prevention, marketing effectiveness, merchandising and customer behavior.

Capitalize on real time business insight by integrating video with point of sale and other business systems, to access a robust set of exception reporting, alerting and search capabilities. Quickly review video associated with important events and take corrective action.

Remove the IT burden of enterprise-wide video surveillance. Our highly scalable and easy to manage MVaaS platform reaches across departments to 1,000s of users without straining your IT department or network.

What People Are Saying

Nation's Restaurant News

"Leading operators are looking to technology in order to better leverage their existing talent and resources... [and] to monitor stores for best practices in service, as well as to protect margins."

Einstein Noah Restaurant Group

"With Envysion, we have rapidly expanded the use of video in our business, migrating from a handful of video users to equipping all our company owned stores with a powerful business tool for improving operations, customer experience and store level profitability."

Chipotle Mexican Grill

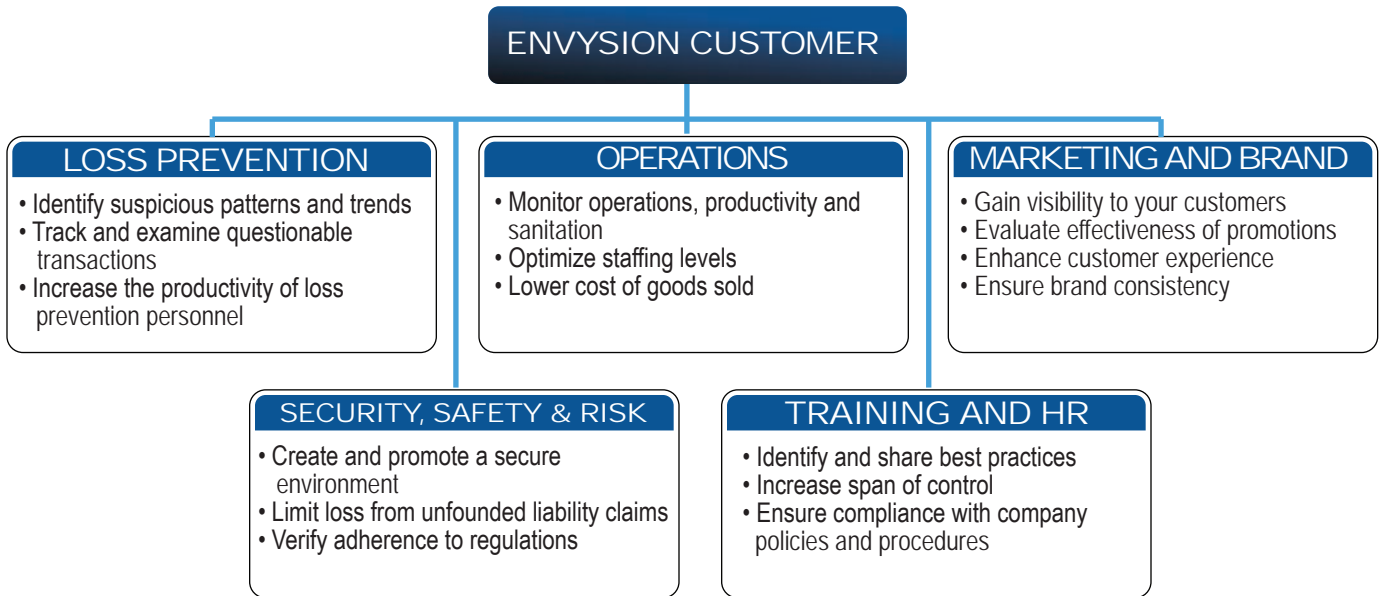

"At Chipotle, we're always looking for ways to better serve our customers. The Envysion system will help us create a better environment for both our customers and our employees."

Monty Moran, CEO Chipotle

Mike Froelich, Audit Services

Material Impact across the Organization

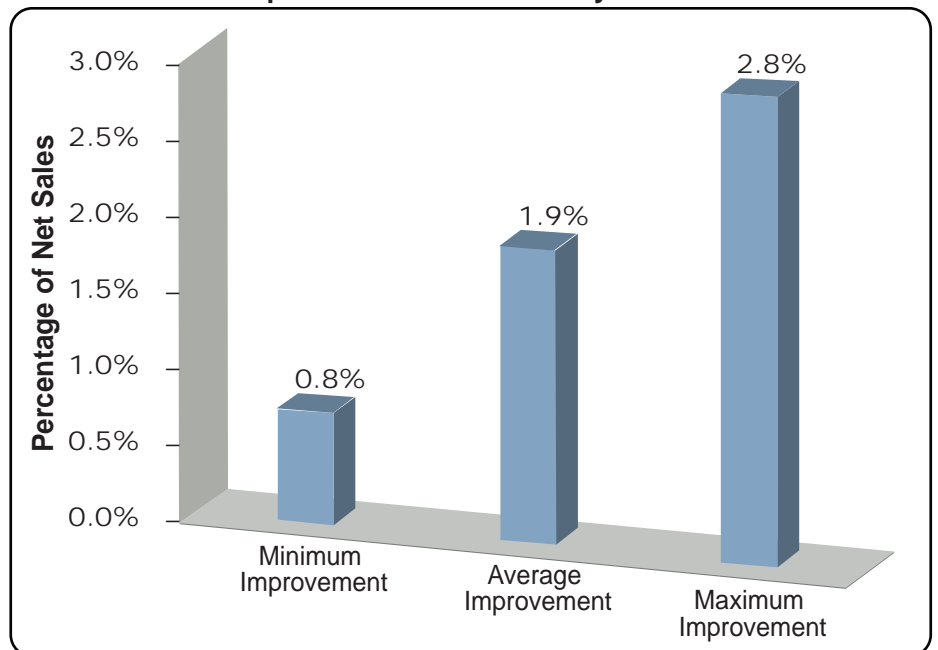

By putting video into the hands of 1,000s of users across departments, Envysion's solutions drive results in every area of your organization.

Measurable Return on Investment

Armed with a better understanding of their business, Envysion customers achieve dramatic results. Within a few months, Envysion clients start driving 1-3% of sales to the bottom line as profit, which in today's environment can mean up to 10-15% improvements in profitability.

Profit Improvement of Actual Envysion Customers

Envysion customers average a 1.9% improvement in net sales, which translates to a 10-15% profitability improvement.
